

PREMIUM PRIVATE

Suitable for all levels. 15, 20, 25 or 30 hours per week.

The Premium Private course is a totally individualised programme for those people that need immediate improvement in their English skills. Our participants are usually senior managers or professionals such as doctors and lawyers who have specific objectives.

These may be:

- A crucial meeting with clients
- An important presentation
- Negotiations with internal or external providers
- A conference or company speech
- An important interview for a new position
- A pre-requisite for a promotion

The course is 100 per cent tailored to the clients needs. A detailed pre-course preparation ensures that the trainer(s), course and associated services are tailored to the client's needs.

Other options are:

- Personalised presentations by experts
- Visits to companies in a similar field of work
- Lunches and dinners with their trainers
